1. Call to Order – Chairman Bruce Klamer

2. Review request of GREEN proposal by Dr Mary Hausbeck
“During EXPO, I had many growers sign on to the letter of support (see attached) that I developed for the GREEN grant that I’m writing that is titled: “Identifying Alternate Hosts for Stemphylium Can Protect Michigan Onions”.
Would it be possible for you to write a letter of support and could the Onion committee provide monetary support of \$5K for each of two years should this grant be funded. The current block grant ends in early September and we won't be able to continue our research beyond this summer if we don't receive any additional funding.”
