1. Call to Order – Vice Chairman Mark Nail
9:03am

2. Review request of GREEN proposal by Dr Mary Hausbeck

“During EXPO, I had many growers sign on to the letter of support (see attached) that I developed for the GREEN grant that I’m writing that is titled: “Identifying Alternate Hosts for Stemphylium Can Protect Michigan Onions”.

Would it be possible for you to write a letter of support and could the Onion committee provide monetary support of \$5K for each of two years should this grant be funded. The current block grant ends in early September and we won't be able to continue our research beyond this summer if we don't receive any additional funding.”

A motion to provide a letter of support for Dr Mary Hausbeck’s Stemphylium GREEN proposal with matching funding of \$5,000 for 2023 and 2024 was made. The matching funding will be provided upon the proposal receiving GREEN project funding from MSU.

Motion: Mike Bosch
